APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights that may exist on this source. It being understood by the State Engineer when this grant is made that there is not 4.8 cubic feet of water available, the grant is made for the said 4.8 cubic feet per second to permit development if said increase can be found available by development.

It is recognized also that the land named herein is identical with the land named in application No. 1933- Pole Creek. The segregation of land for each permit must be made by applicant at the time of making Proof of Application of water to Beneficial use.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed Four & 8/10 cubic feet per second.

Actual construction work shall begin on or before May 8th. 1915.

Proof of commencement of work shall be filed before June 8th. 1915.

Work must be prosecuted with reasonable diligence and be completed on or before July 8th. 1915.

Application of water to beneficial use shall be made on or before October 8th. 1920.

Proof of the application of water to beneficial use must be filed with the State Engineer on or before November 8th. 1920.

WITNESS MY HAND AND SEAL this 8th. day of October, 1914.

Map filed JUN -7 1915

Proof of labor filed JUN -7 1915

Proof of beneficial use filed SEP 17 1923

Certificate No. 809 Bk. 4 issued Sept. 14-1923 for 0.797 cfs

W. W. Kearney
